It is understood that the \$14,285 raised by donors in the recent drive will immediately go into enlarging the present metabolic hospital including maternity and emergency wards and additional surgical equipment, thus creating in the near future a Class A hospital conducted under the highest standards and operating at cost to its patients, an ideal striven for in all progressive communities. The \$400,000 represented in the present plant will bring a splendid health center into being to serve the entire region, and it promises to become a model establishment with an open medical and surgical staff.

Since the visit of W. W. Powell the following letter has been received from the Title Company which evidences the progress being made and gives the names of those to whom the operation of the hospital will be entrusted. Under letter-head of the Company, it is addressed to Mr. J. E. Abernethy as secretary-treasurer and reads:

"This Company approves the nomination and appointment of the following persons to the Board of Directors of the Grace Deere Velie Metabolic Clinic, Ltd:

This is a result of unanimous action of Trustees Ewig, Taylor and Levinson to put squarely to the public the problem of reinforcing the school buildings against possible earthquake damage following the recommendations of state inspectors last year and this action of the board will absolve it of any responsibility in case the bonds do not pass and an earth-

## LIBRARY BOARD GIVES ANSWERS TO QUESTIONS

The Library Board issues the following statement in answer to the many questions which have arisen in the present discussion of library taxes and library expenses in general.

"The report published in the Pine Cone of June 1st was not meant by the board to be a financial report. It was merely a list of facts concerning the library and the disposition of the budget. The full annual report of the board will be ready July 1st as usual, and will be printed in the local papers.

"A careful survey of all library cards is being carried on by the board and the staff, to check the rights of all borrowers. The fact that this list is so high in comparison with the census may be partly accounted for by the fact that the last census was taken in 1930, although it was not published until 1932. Many new families have come here since then. Moreover, the census counts only those living within the city limits, whereas people living out of town may have cards provided they are tax-payers in Carmel.

"The crucial point about the whole library question is whether the reduction of the tax will compensate the taxpayer for what he will lose in curtailing library activities. Each cent of reduction in the tax rate reduces the library budget over \$300. If the tax is reduced one-seventh the library will lose \$1000 a year. This would greatly cripple its activities and would not be much of a help to the taxpayer.

"It has been stated several times that the lists of new books appearing from time to time in the papers, appears long; but it contains county books as well as those bought for Carmel Library. Miss Christie's program, played on the Moor Double Keyboard Piano with its increased sonority, tonal color and "fantastic feats of virtuosity," is as follows:

Handel—Chaconne; Bach—Sarabande; Bach—Toccata and Fugue in D Minor; Chopin—Sonata in B flat Minor; Debussy Preludes—Les Collines d'Anacapri, Danseuses de Delphes, La Puerta del Vino, Voiles, Feux d'Artifice.

#### "WAY OUT OF CRISIS" AT PINE INN SUNDAY EVENING

Many voices have attempted to  
suggest ways out of the troubles  
of these times, but few answers  
have yet satisfied most people.  
Now Carmel is to hear an analysis  
never yet heard here, from one of  
the most brilliant speakers in the  
country. Dr. Silvermaster, Director  
of Research under the S. E. R. A.  
one of the most important econo-  
mic posts in California, is to be  
in Carmel next Sunday evening  
and will speak at the Pine Inn at  
8 o'clock on "Ways Out of the  
Crisis". He was formerly lecturer  
at St. Mary's College and head of  
the Department of Law Enforce-  
ment in San Francisco.

Dr. Silvermaster has spoken be-  
fore forums and clubs in San Fran-  
cisco and is a concise and able ex-  
ponent of the social theories of our  
day. Clear and concrete and vivid  
are his pictures of the state of ours  
and other societies.

A large crowd is expected and  
there will be an open forum of  
questions and discussion. Allen  
Griffin will be in the Chair. The  
lecture is under the auspices of the  
Economics Study Group and ad-  
mission will be 25 cents.

#### MANZANITA SMOKER HAS DALTON ON BOXING CARD

The Manzanita Club Dinner and  
Smoker this evening will have a  
feature boxing card headed by Bob  
Dalton, of Carmel, who won the  
Northern California amateur fea-  
therweight championship recently in  
San Francisco, against Lefty Decker,  
and also will include Al Tyler  
versus Mervin Baker, at 140  
pounds.

#### SINCLAIR TO SPEAK SOON ON PENINSULA

Carmel voters will have an op-  
portunity to hear Upton Sinclair  
in person about July 5, according  
to word received by Mrs. Grace  
Plank and announced at a Sinclair  
for Governor meeting where Mrs.  
Plank presided.

Seeking the largest available  
auditorium to present his plans,  
Upton Sinclair may be induced by  
his Carmel supporters to speak in  
this city.

#### BUILDERS MUST RENEW THEIR STATE LICENSES

Contractors and builders are  
cautioned by the State that they  
must file application for renewal  
of their state contractor's license  
before June 30th, if they expect to  
remain in business, according to  
Glen V. Slater, assistant registrar  
of contractors.

Renewal fee is \$5 if filed before  
the deadline, after which it doubles,  
and it is illegal to operate without  
proper license. Need for registra-  
tion is stated to be the result of  
an act of the legislature to protect  
the public and the industry itself  
from unscrupulous builders, and  
the bureau in charge of it is self-  
sustaining and operates without  
cost to taxpayers.

#### TUESDAY EVENINGS SUBSCRIBER'S EVENING

No use anything else being plan-  
ned for a Tuesday evening, for up  
to the twenty-first of August  
there is either an open rehearsal  
of the Penha Piano Quartet or a  
concert of the Carmel Music So-  
ciety Summer Series.

Last Tuesday evening was the

W. A. GODDARD DIES  
AFTER HEART ATTACK

Funeral services were held on Monday afternoon for W. A. Goddard, who in four years of residence in Carmel had made innumerable friends through his general personality. He passed away the result of a combination of unfollowing a heart attack in his favorable conditions.

Born nearly sixty years ago in Indiana, he is survived, by his wife, Mrs. Ella S. Goddard, by Mrs. Ernest Bixler, of Carmel and Mrs. R. C. Beverstock, of Los Angeles, and a son, David S. Goddard, now in college. He leaves four sisters, Mrs. A. H. Craig, Mrs. C. W. Dederick, Mrs. C. E. Hinds, and Mrs. Clara Poole.

## STANIFORD ADVISES EARLY ORDERING OF FIREWORKS

No fourth of July is complete without those famous old Chinese creations, fireworks, and all indications point to a glorious spectacle this coming month.

Carmel has long been noted for its fourth of July celebrations on its beach. People come for miles to view or participate in the fun. Rockets - flares - pinwheels - firecrackers big and little all join in a pageant of noise and color.

Carmel's ordinances prohibit the sale of fireworks in the village before July first, so orders for the crackers are taken at the Staniford Drugstore to be filled at the home of Mr. and Mrs. D. L. Staniford in Hatton Fields.

However after July first Staniford's Drug Store will have a huge stock of every sort of firecracker. Staniford's is carrying the "Unxelled" brand of fireworks, and they are really unexcelled. No worry about "duds" or "misses" if you get "Unxelled". But in order that one may be sure of getting just the right kind of rocket, a telephone call or a visit to the Staniford Drug Store will assure one of complete satisfaction.—Adv.

## SAN JUAN CELEBRATION

TOMORROW AND SUNDAY

The historic little town of San Juan tomorrow night and Sunday will attract thousands to its annual birthday party, an affair that many Carmelites will attend. It was just 137 years ago that the Franciscan padre Father Lasuen founded Mission San Juan Bautista, and Father F. J. Caffrey, the present pastor, invites the region to the celebration.

The pageant ball will be tomorrow night in the Community Hall, and Sunday will start with a parade of antique vehicles. Noon will bring the barbecue, famous for its Spanish cooking, and afternoon

AMENDMENT ENDANGERS  
NEW BUSINESS ORDINANCE

Discussion of the new Business License Ordinance was the subject of the adjourned regular meeting of the city council last Wednesday afternoon, but no definite of refund of credit extension settlement of the problem of business firms which have started with torney Argyll Campbell reminded in the past year could be reached. These firms will be required to de- posit \$100, equal to the highest amendment such as one earlier suggested on behalf of these firms the new plan that is based on gross income, before the last day of July or suffer penalties.

The clause of the Ordinance requiring this was drawn to discourage fly-by-night business from coming to town and starting on a shoestring to get summer basis of estimate. Remember that trade at expense of established firms are determined on a year's total gross income, all firms established less than a year must accept the highest rate, and anything in excess of what they actually owe when the next tax computation is made up will be proportioned and returned to them.

There are fifteen firms which have started within the last year and which must raise \$100 by the time the Ordinance goes into effect July 1st, or actually by the deadline at the end of July, and many of them insist that the sum will put them out of business because of the present narrow margin of business profit.

Willard Whitney, long established here and active in the Business Association and a proponent of

the new license, agreed that something should be done to make this easier for them, as it was not fair to jeopardise persons already in business and obviously not of the fly-by-night type. Judge George Wood suggested that some plan public is expected.

At that time the library taxation and budget figures will be submitted and thoroughly gone into, and budget figures will be submitted and thoroughly gone into, by the

PLAYHOUSE WILL HAVE  
"COUNSELLOR-AT-LAW"

Every summer for many years the Golden Bough Players have produced at least one noted play which has not before been seen outside the great theatrical centers of the country. Last season it was Flavin's "Amaco," a world premiere. In previous years they have performed "Beggar on Horseback," "The Thrip'ny Opera," and other successes.

This season's major production, to be staged at the Community Playhouse, will be Elmer Rice's "Counsellor-at-Law," a brilliant study of the inner workings of a busy New York law office, the comedy element predominating. A large cast will enact the play, with William Gaskin in charge of the settings and Edward Kuster directing.

In order to avoid unnecessary conflict with the July Forest Theater production, the dates of performance of "Counsellor-at-Law" have been moved over to Friday and Saturday, July 6th and 7th, and the following Friday and Saturday, the 13th and 14th. Tickets will be obtainable on and after June 30th. Seats may be reserved now, by mail. The reduced rates established last winter for Peninsula householders and their out-of-town guests will apply to advance seat sales only.

PATTERSON SEEKS TO BE  
RE-ELECTED ON RECORD

Patterson was elected to the  
Assembly in November, 1933 repre-  
senting San Luis Obispo and Mon-  
terey Counties. He gave the people  
of these two counties able and hon-  
est representation and consistent-  
ly and fearlessly fought for the  
rights of the people against selfish  
and corrupt interests. Patterson  
kept faith with the people by car-  
rying out his pre-election promises.

He fought for the reduction of ex-  
penditures in government, for the  
equalization of public utility taxes,  
for the reduction of power rates,  
against the power trusts, for  
the interest of the small home  
owned business, for the farmers'  
interests and for the speedy admin-  
istration of justice and for state  
support of free schools. Patterson  
secured the appointment to the  
important committee of roads and  
highways, fish and game, livestock  
and dairies, soldiers and sailors, ir-  
rigation, drainage, swamp and  
overflooded land and chairman of  
engrossment and enrollment of  
bills. Patterson pledged himself to  
aid in the securing of highway  
funds for the coast highway and  
the Salinas Valley as well as con-  
necting links with Monterey and  
San Luis Obispo counties' needs.  
As a member of the Roads and  
Highways Committee he was in a  
position to be effective in securing  
adequate funds for road develop-  
ment for his counties. Patterson  
has become an effective fighter for  
the people of the state and his  
district and deserves to be sent  
back to the position he has so hon-  
estly and ably filled for the people.

Patterson is a native of Califor-  
nia, thirty-six years old, and served  
in the World War. He worked his  
way through high school and the  
University of California. He gradu-  
ated in Economics and Govern-  
ment in 1921 from the University  
of California and attended Stanford  
law school as a graduate student.  
He served as an administrator of  
schools in southern Monterey coun-  
ty for ten years. Patterson has  
been a life long student of govern-  
ment. By hard manual labor in the  
logging camps in canneries, and  
on the farm he has learned the  
problems of the farmer and laborer  
and of the small business man.

The people sent Patterson to the  
most difficult legislature battles in  
the state of California and he came  
through with credit to himself and  
the district, always standing by the  
interests of the people.

## SCOTT SEEKS

## CONGRESS POST

As the area encompassed by the eighth congressional district is essentially devoted to agriculture, and is one of the richest farming sections of the nation, greater federal aid is deserved, City Attorney Russell Scott, of Salinas, Democratic candidate for representative of the eighth congressional district, asserted in an address at the formation of the Salinas Democratic Club.

"I am in favor of President Roosevelt's program," he said, "but greater benefits should be extended to California than already has been done. The wealth of this section rests in the fruit orchards of Santa Clara valley, vegetable, grain and dairy production in other sections. All deserve better consideration."

Scott pointed out in his talk that improved conditions would not only result in prosperity and happiness for those engaged in agriculture, but for thousands of others, directly or indirectly, who owe their livelihood to sound farming conditions.

John A. Murphy, Salinas attorney, was elected president of the Democratic club at the initial meeting.

HATFIELD SAYS COMMUNISTS  
CAUSE STRIFE IN FARMLAND

Making a strong appeal to California farmers and farm-workers to join hands in a determined stand against radical agitators, George J. Hatfield candidate for Lieutenant Governor, charged here today that Communists are definitely plotting the destruction of California crops during the approaching harvest season.

Hatfield, former United States Attorney for Northern California, declared that Communist leaders have admitted that they propose to incite strikes at the peak harvest season in an effort to prevent the harvesting and marketing of California's major crops.

"It would be a calamity to agriculture and labor alike if this plot to destroy millions of dollars worth of farm produce should succeed," said Hatfield, "By preying on farmers and workers and attempting to incite bloodshed and violence, the Communists hope to foster their program for the overthrow of American Government and American institutions. There should be no misunderstanding of their real intent.

"The Communist organization which is the most active in California agricultural districts at the present time, and which is pledged to this program of indirect sabotage, is the Cannery and Agricultural Workers Union—a revolutionary union, definitely affiliated with the Communist movement.

"California farmers and California farm-workers, if they are good American citizens, will recognize the Communist agitators as their common enemy. Wage differences, and other labor problems of the farming industry, can and should be settled fairly and equitably by arbitration and agreement.

"With California fighting to achieve recovery and end unemployment, there is far too much at stake to permit enemies of American Government to gain a foothold."

A TRIBUTE TO ARTHUR STORY  
by Hunice Gray

That Arthur Story, English born graduated from Cambridge, and trained in the best traditions of the English stage should have served with the Canadian forces in the World War and returned to the United States to give ten years efficient loyal service to the United States Forestry Department is indicative of the character of this liberal, genuine and kindly gentleman who has answered the last call to Service and has gone to the great Look Out with its limitless horizon.

The death of Mr. Story came as a great shock to Carmel friends. He and his wife, Mary Campbell Story, were packed and ready to enter on their summer work in the Santa Barbara National Forest. For the past six years the Storys have been stationed at the Chew's Ridge Lookout and had spent their winter vacation months in Carmel. This quiet, modest, genuine couple had attracted to them a group of friends who have enjoyed their hospitality, their simple, direct approach to life, their humor and above all, their unusual harmony and unity.

Mr. Story was associated with Maurice Browne in his Little Theatre in Chicago and acted as business manager of this early venture in the Little Theatre movement until the entry of the United States into the war closed the Theatre.

On his return from the war, broken and shattered by the cruel experience it seemed to the Storys that peace and recovery could not come from the cities and they turned

their faces westward and took up life anew in a remote forest in Idaho. Mr. Story soon proved himself a valuable person in the section and was given a Lookout station in his second year in Idaho.

This later led to service in California which the Storys had claimed as home.

During the past winter it has been the privilege of those who attended the Pine Inn Drama Readings to hear Mr. Story in common enemy. Wage differences, several plays. His training and experience on the stage added greatly to the success of these readings and he had been urged to give a series of full play readings this coming season.

## A New Farm Refrigerator

MORE ADAPTABLE THAN EVER TO THE NEEDS OF THE AVERAGE FARM

IT PAYS FOR ITSELF—this proven fact about electric refrigeration has sold it to millions of thrifty housewives. But if it is true of domestic models which only save, how much more true it is of these Farm Refrigerators which *earn*, as well.

For the average farm there is the new Farm "25"—an economical size to operate, yet plenty big enough for *marketable* produce as well as food for the family table. This model, and larger ones up to 125 cubic foot capacity are being offered by several manufacturers at astonishingly low prices.

For the farmer who is handy with tools—and what farmer isn't!—we can supply University of California specifications for 35, 40, 80 and 125 cubic foot refrigerators.

Make no mistake, a Farm Refrigerator today is an *investment*. It not only pays for itself, through usage, but it pays extra dividends in better health, leisure time and more wholesome, appetizing meals.

Don't go through another summer watching food spoilage cut into your profits. End this waste, once and for all, with an electric Farm Refrigerator. Either buy it or built it, but *do it now*. See our local office for additional information. Easy terms can be arranged, of course.

## \$20,000 EARTHQUAKE INSURANCE?

The \$20,000 school bond issue which comes before Carmel voters next Tuesday will decide whether residents believe the school buildings are sufficiently earthquake resistant as they are, or whether they need thousands spent on them in accord with the state engineer's recommendations following southern California earthquake surveys of last year.

Many competent persons are convinced that the school is amply strong as it is, while others insist that this sum and more should be voted overwhelmingly to give the children utmost safety against possible hazards.

Engineers themselves do not agree as to just what the school needs, and admit that Carmel once more has presented something different for them to pass judgment upon.

The Sunset School Trustees had no alternative but to call for the bond election, thus doing all in their power to carry out their trusteeship.

It is now for the public to decide, and yet there is found to be little more than passing interest in the problem expressed by the average voter. It has been a bad year for bond elections in Carmel, and with residents becoming more and more cost-conscious it is a question if they look favorably upon \$20,000 added burden regardless of what extremists point to as a momentary death-trap.

Let voters consider all phases of the situation, whether they be sending six children to the school or they be not even one-sixth as fortunate, and make a definite showing at the polls that will decide the problem finally on Tuesday.

## GOOD ART IS GOOD BUSINESS

The new gallery of the Carmel Art Association has fully justified the confidence of its founders, both from advantages offered visitors and the services in cash return to its active members resulting from sales of pictures.

Nine artists have realized upon their output with a total of over \$1,000 income during the past several months, and few galleries on the coast can point to better movement of products in the realm of creative art. The strange thing is that Carmel, the reputed home of art, did not have a center of this kind long ago. Better, perhaps, to have waited until unified action by the many enthusiasts brought about this permanent home than to have put up with halfway achievement some years ago.

## PEOPLE TALKED ABOUT

GEORGE STONE, the noted there at the ocean's edge becoming a photographer, biologist and a treasury of graphic history. His education, producing in 1916, while turned to Carmel to give a series full of varied experience, and his student, a film "How Life Begins," which was for years a resident conditions has made abundant which was followed by a picture "Malaria and the Mosquito," pur-

chased by the Rockefeller Foundation for use in combating this disease.

In the war, Stone lectured in himself in the thick of things as military camps, and when such Photographic Officer of the First work was taken over by the Y. M. Army Corps, resulting in his com- C. ## PEACE

I sensed her coming as a child  
 When barefoot in the grass  
 I felt a coolness that beguiled  
 My being—touch and pass.

I thought to find her down the lanes  
 That other feet had trod,  
 It was not so. The winter rains  
 Had washed away my God.

Again I searched the hearts of men  
 Entreating without cease,  
 Tis not by revelation then  
 That cometh peace.

I know not yet, but those who know  
 Say peace is neither sought nor won,  
 But only comes as poppies grow  
 Upon the field when conflict's done.

Elizabeth Sage Holter  
 In "New English Weekly"

## AFTERNOON

Afternoon brings peace;  
 Velvet shadows creeping  
 Grope eastward, as the gliding sun  
 Slips yellow lances through the trees.  
 Already troubled thoughts begin to cease,  
 And one by one  
 Lift on a faint new breeze.  
 Slowly a hush is steeping  
 Meadow and hill.  
 Clamor of day is still,  
 Or very far.

Afternoon is best;  
 The pageant of the day was all for this.  
 I am content to dream while the slow hours pass  
 With the light.  
 For the fevered day that was, who would not choose  
 The peace that is—  
 The benediction he can never lose?  
 This will be rest:  
 To see the world through twilight's dusky glass,  
 And wait for a star.

—Charles Ballard

Carmel may well be proud of its Art Gallery. Let the villagers visit it and become intimately acquainted with the services both cultural and tangible offered by it, and let them make a habit of attending each new exhibit scheduled every month for the rest of the year.

## LIBRARY HERO IS VILLIAN

The hero in the case of the Harrison Memorial Public Library turns out also to be the villain, depending on how it is observed. Meaning, of course, the unusually large circulation of books enjoyed—or suffered—by the local public library. Circulation undeniably costs money, and circulation undeniably is had even unto 88,017 volumes in 1933, or nearly eight times the average per capita for the ordinary village. Whether or not we have taxpayers' money to meet this is another question.

It is easy to argue from either viewpoint, whether from that of persons insisting that the library's cultural and recreational advantages not be impaired, and, indeed, even be increased; or whether from that of the overburdened property owner who has had to cut down to the barest necessities and cannot see where 21c of his taxes should go into so ambitious a project as our public book-plant represents.

The library trustees are fully justified in wanting to operate their charge at full efficiency. Any trustees are vitally interested in carrying out their trust as capably as possible, and the library trustees believe "that in the effort to reduce taxes let us first of all use discrimination. Let us not be too ready to call the libraries a luxury. Their effects are far-reaching. Intelligence is our best protection against the many dangers which threaten our civilization.

"Libraries should be open all day wherever possible. They should be well supplied and well conducted. We can do these things if we really want to do them. It is not a matter of lack of sympathy with the taxpayer, but of fighting for good sense in the matter of economy."

Against this is the hard-headed business man's realization that there is a limit to cultural benefits when food-money sometimes is forced to make the cultural grade. The city council, for its part, has the final word in the budget figures of the library, and naturally it will listen carefully for public opinion in the matter.

On July 5th will come another public hearing at the regular council meeting, and full details are expected to be presented and the matter settled at that time.

He was discharged from the army with the rank of captain, and gions. All the while he found time to make travelogues in Prizma Co- lor, then to do motion picture work in Hollywood and to become connected with three scientific expeditions that journeyed to remote regions of the world.

"I hope to create a non-profit photographic museum in America," he recently has been awarded the degree of Master of Arts in his chosen field by the University of California. "to which all educators in the state may have access. There will be motion pictures, lantern slides and other photographic records for use in schools, any profits arising from which are to be used in extending the service."

Toward this end Stone has already devoted several years and has at present more than 10,000 negatives which have been assembled since the war. From these he has selected lantern slides for the present lecture series on travel subjects ranging from the Galapagos Islands to Italy and England.

One of the most interesting things he did scientifically was to take the first motion pictures of a solar eclipse, doing so at Lompoc in 1923 close to the location of the Worthington-Burton expedition from Carmel, and was among the few photographers along the far-flung path of totality to have clear weather for his work.

Among other collections, he has a very complete one of the history of man-flight, and was prominently connected with the Hancock Air School at Santa Maria which was endowed by a wealthy man whose own son had been killed in an airplane wreck.

ALISTA ROGERS is one of a number of musical celebrities now living in Carmel, because of the Carmel Music Society's policy of requiring its concert performers to become resident. Miss Rogers, who is a soloist in Oratorio and a recitalist, will be recalled for her superb singing of the second soprano part in *Stabat Mater* performed here several months ago.

It is not generally known that Miss Rogers is the daughter of a prominent London music publisher, that she studied voice for five years with Sir George Henschel, an intimate friend of Johannes Brahms, and that she was brought to California by Luther Merchant, director of music at Mills College, to instruct his voice pupils during his absence in Europe.

Miss Rogers is well acquainted with many of the world's great musicians, has traveled and sung almost everywhere, and is now preparing a cycle of three song programs to be given in Carmel this summer. Meanwhile Miss Rogers is teaching and coaching local talent in the use of the voice.

## Progress

Progress has banished spinning of thread for making family clothing in the home, as well as the baking of bread . . . and now, progress is banishing washday from the home.

The Grove Laundry can take your laundry away from the home and wash it cleaner, whiter, cheaper and your clothes last longer because science has shown us how. This laundry has given the modern home manager one-seventh of her life-time back to her to devote to the better things of life—more time to play with her children, supervise her home and really cook scientifically.

Whatever your income, there is a Laundry Service tailor-made to fit your pocketbook—from Damp Wash to De Luxe Service. Diversified services—that is the keynote of Grove Laundry merchandising. SUMMER TRAINING FOR  
CARMEL LADS OFFERED

A Carmel recreational club for boys between six and fourteen has been started by C. H. (Spec) Watson and A. R. Anderson, with a varied program planned including horseback riding, swimming, hiking, physical conditioning and educational trips in this vicinity five days each week from 10 until 5 daily.

The youngsters will have advantage of training under experienced guidance, as Watson, son of Major and Mrs. Lee Watson, of Carmel, is captain of the Menlo Junior College varsity track team and member of the football team, and Anderson is on the Stanford basketball and track team and is a member of the coaching staff. Diet will be in charge of Miss Payne, food expert, and a carefully prepared lunch will be given the boys at Carmel headquarters except during the Wednesday trips when box lunches will be had.

Children will be called for mornings and returned evenings, and competent care exercised during the various pursuits of the inter-

vening hours. Parents may have lowing were present: Sopranos: There is room for more altos details by calling Carmel 507, and classes will start this week.

SPORTS CARNIVAL TO MARK  
OPENING OF NEW HIGHWAY

A monster sports carnival is planned for the peninsula to celebrate the opening of the Coast Highway next summer, sponsored by civic organizations, service clubs, business houses and citizens generally, and is receiving enthusiastic commendation from sports authorities of the coast.

R. L. (Dink) Templeton, famous coach of champion Stanford athletes, will be here shortly to confer with leaders of the movement, and knowing the region as well as he does from frequent vacations here, he is highly pleased with the idea.

Prominent men in the three communities are already on committees to lay out a broad plan that will have an Olympic Games outlook, and should result in making this natural playground a mecca for the public next year at this time, and prove a fitting affair to inaugurate the great ocean highway which will then be open to traffic.

## People Talked About

EDWARD WESTON'S June exhibit of camera portraits, held at Gelber-Lilenthal's in San Francisco, one study of Lincoln Steffens has attracted marked attention. It was included in the Armitage Kistler book of Weston's, which was among the Fifty books of 1933, and is reproduced in California Arts and Architecture with a full page halftone in the current issue.

PINE CONE readers will be interested in the wedding of Miss Margaret Kinball Fraser, daughter of Mrs. Grace M. Fraser, of Berkeley, and Robin Lampson also of Berkeley, early this month.

Both have had poems in this paper, and are becoming widely known for their work in national magazines.

"PEACE ON EARTH" IS  
SUBJECT OF LECTURE

Mrs. Wm. Palmer Lucas of San Francisco will review the anti-war play, "Peace on Earth" on Monday afternoon at 2:30 in the All Saints parish house, Monte Verde Street. The play is having a long run in New York under the auspices of the Theatre Union. It has been widely reviewed and unusual interest has been taken in it. All are invited and especial invitation is extended to summer visitors.

**CHRISTIAN SCIENCE CHURCH** Scriptural selections will be: "The Lord by wisdom hath founded the streets in succession toward the ocean. Father, of whom are all things, established the heavens. By his knowledge the depths are broken up, and the clouds drop down the dew" (Prov. 8: 18, 20). These words from I Corinthians comprise the Golden Text to be used next Sunday in all the Churches of Christ, Scientist. The following passage from the branches of The Mother Church, Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, is included in the lesson: "The human spirit will also be included: "The human spirit is the Universe, mortal mind, by an inevitable per-including Man, Evolved by Atomic version, makes all things start from the lowest instead of from the highest mortal thought. The reverse is the case with all the formations of the immortal divine Mind. They proceed from the divine source; and so, in tracing them, we constantly ascend in infinite being" (p. 189).

The subject of the Lesson-Sermon will be "Is the Universe, mortal mind, by an inevitable per-including Man, Evolved by Atomic version, makes all things start from the lowest instead of from the highest mortal thought. The reverse is the case with all the formations of the immortal divine Mind. They proceed from the divine source; and so, in tracing them, we constantly ascend in infinite being" (p. 189).

Scriptural selections will be: "The Lord by wisdom hath founded the streets in succession toward the ocean. Residents along certain business district routes are urged to consider curbs and gutters as an improvement to their property, especially with increased traffic on North San Carlos due to new re-routing of incoming motorists at the city limits.

It is planned to survey Sixth Street from Monte Verde to Torres, as already this street is feeling the pressure of use through becoming a front-yard section of the village due to the new traffic. The reverse is the case with all the formations of the immortal divine Mind. They proceed from the divine source; and so, in tracing them, we constantly ascend in infinite being" (p. 189).

#### THEODORE NORMAN JOINS PENHA PIANO QUARTET

Due to her steadily increasing class of pupils and the demands upon her time in San Francisco, Kathleen Parlow is unable to continue playing with the Penha Quartet. To his great delight and satisfaction, Mr. Penha has been able to secure Theodore Norman, Los Angeles violinist, who has but recently returned from three years in Europe. Mr. Norman founded the Norman String Quartet and the Norman Trio after his return, preferring the chamber music avenue of expression to all others in music.

Theodore Norman arrived in Carmel on May 28th, and Quartet rehearsals began immediately. Mr. Norman will stay with Ralph Linsley in the "Gray Goose" on Casanova Street, where the Quartet will be rehearsing daily from now on. The first open rehearsal of the Quartet will be held on June 12.

Edward Weston, returned to Carmel on Wednesday from Oakland where he went to be a member of the jury for the coming exhibition of pure photography to be held at the "683 Brockhurst" gallery in Oakland. The other two jurors are Ansel Adams and Willard Van Dyke. Sibyl Anakeiff and Nocia Bravo, local photographers who have worked with Weston, sent prints to the show.

Mrs. Albert T. Hyde is closing the family home on Casanova and Eighth and establishing a residence on Monday at Hotel La Ribera.

Mr. and Mrs. George Seideneck, who have for the past six months been in the San Francisco bay region, returned recently to make their home here.

Mrs. F. L. Wulff and her children, Bruner, Russell and Elizabeth have come down from Sacramento and taken Crestview cottage on The Point. They plan to stay until September. Mr. Wulff will join them occasionally on week ends.

Mr. and Mrs. Austin James and Elizabeth Houghton have come to Carmel recently from Pasadena and will spend the summer here in their cottage, "North Light." Mr. James who is an important sculptor has just completed a portrait bust of Mrs. Ellen H. Taylor of Carmel. The bust has been sent to a bronze company for casting. Both Mrs. James and her daughter Miss Houghton have been contributors to the Pine Cone.

Mrs. Gladys R. Johnson and Miss Marie Blanchard motored to San Francisco last Thursday for the day.

## Fra Junipero

Added interest is given to the forthcoming Serra Festival at the Carmel Mission from August 24th first mission report from the spot to 28th, to be directed and acted where his earthly remains now rest, and he said "It has a natural advantage over the other missions Marion, for years now a Carmelite, for the reason that various kinds of woods are easily obtained, and because the soldiery earnestly apply themselves to work.

In May of 1773 Serra gave his report from the spot to 28th, to be directed and acted where his earthly remains now rest, and he said "It has a natural advantage over the other missions Marion, for years now a Carmelite, for the reason that various kinds of woods are easily obtained, and because the soldiery earnestly apply themselves to work.

"A thick, high stockade of rough timbers, with ravelins at the corners (70 varas by 43) surrounds the compound. It is closed at night with a key but entrance may be gained by knocking off timbers as nails are lacking.

"The main house (50 yards by 7) has 6 rooms with doors and locks. It is of rough timbers and mud plastered within and without, and chief rooms are whitewashed. One of them serves as a temporary chapel. Nearby is the barracks, yards so they would be acceptable."

"Outside the stockade (?) are the small Indian houses with straw roofs, and near at hand a small garden in poor condition for lack of a gardener."

Further accounts of Father Junipero's life and work will follow in succeeding issues, and persons having material suitable for use, particularly that dealing with the intimately human side of this early California Missionary, are urged to submit it for publication.

HORTON. EXHIBIT IN THE DENNY-WATROUS GALLERY

Registration closes July 21st. Do ballot must be received by the Registrar or County Clerk of the voter's home county not later than September 4th, 1934.

The current exhibit in the Denny-Watrous Gallery is one of watercolors by Charles Orson Horton, of the University of California. Mr. Horton is in Carmel for two weeks, giving a University Extension Course in Drawing, Painting, and out-of-door sketching. His students may be seen busy at their easels back of the Mission, or absorbed in a hill view up Carmel Valley.

Mr. Horton has exhibited in the Grand Central Galleries, New York City, in the Cincinnati Art Museum, the Oakland Art Gallery, Los Angeles Museum of Art, the Legion of Honor Palace, etc.

Junius Cravens, of the San Francisco Argonaut, said of a Horton exhibit, "Delightful, decorative landscapes . . .", while Mr. Duncan of the Oakland Tribune spoke of them as a "Beautiful combination of modernism and conservative painting—he could even paint back

chapel. Nearby is the barracks, and near it is the soldiers' kitchen. All roofs are flat and are of clay and mud. Most buildings have a kitchen.

MONTHLY FIGURES SHOW  
INCREASE OVER 1933

At the last regular meeting of the Council a financial statement was given by City Clerk Saidee Van Brower as follows for the General Fund:

Balance, June 1st, 1934 \$16,641.80

Demands, June 6th, 1934 3,231.71

Balance, ..... \$13,410.09

Last years figures are:

Balance, June 1st, 1933 \$15,554.20

Demands, June 7th, 1933 2,879.84

Balance ..... \$12,674.36

(Ahead in 1934 \$735.73)

CARMEL LIQUOR FEES  
REPORTED BY STATE

The State Board of Equalization reports from Sacramento that the liquor license fees received by the state from Carmel during the period covering December 5, 1933 to April 1, 1934 amounted to \$717.23, sixty percent of which will be apportioned to city and county, and forty percent retained by the state. Just what the difference in "city and county" proceeds might be was not made clear in the report.

Total State receipts from liquor license fees in Monterey County amounted to \$20,054.69.

WOMEN VOTERS URGE  
EARLY REGISTRATION

The next primary election is to be held August 28th.

One of the prime functions of civic organization is to urge citizens to register and vote. In order that no citizen may come to the polls and find himself unable to cast his vote, The Monterey Peninsula League of Women Voters calls to your attention the following facts:

1. Any qualified citizen who has been in the state one year preceding the day of election, in the county 90 days, and in the precinct 40 days is entitled to register.

2. Anyone becoming a naturalized citizen by June 1st is eligible to register and vote at the August primary.

3. If any citizen has previously registered, he need not reregister unless:

a. He has moved from the precinct in which he was registered.  
b. He did not vote at either the primary or general elections last held. (If in doubt, Re-register.)

c. If he wishes to change his party affiliations.

Places of registration: Staniford's Drug Store and Triangle Realty Co.

We also wish to remind teachers and others who may be away from their home precincts at the time of the August primary of the following rules for absentee voting. Please clip for future use.

Not earlier than August 8th nor later than August 23rd, the absent voter must have a letter in the office of the County Registrar of Voters, asking for an absentee ballot. The letter should be signed exactly as the voter is registered and the home address given in the letter.

When the absentee ballot is received, the voter must go before the Registrar, County Clerk or a Notary where he or she is temporarily residing, and stamp and seal his ballot under the scrutiny of the officer.

In order to be valid, the absentee

## Are YOU HAPPY After Meals

Or Do  
Gas on Stomach  
and  
Sour Stomach  
make you  
Miserable?

Too much food, or the wrong kind of food, too much smoking, too much beer, make your body over-acid. Then you have distress after eating, gas on stomach, heartburn, sour stomach.

ALKALOID SALTZER relieves these troubles promptly, effectively, harmlessly.

Use Alka-Seltzer for Headache, Colds, Fatigue, Rheumatic Pains.

Alka-Seltzer makes a sparkling alkaline drink. As it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

Alka-Seltzer tastes like carbonated mineral spring water—works like magic. Contains no dangerous drugs....does not depress the heart....is not laxative.

Get a drink at your Drug Store Soda Fountain. Keep a package in your home medicine cabinet.

W., 565.5 feet to a point on the Carmel Bay; thence along the shore of the said Carmel Bay northerly to the place of beginning.

AND WHEREAS, it is desired to organize such district under the provisions of  
CHAPTER 171, Statutes of 1923  
An act to provide for the formation, government, operation, reorganization, dissolution and alteration of boundaries of sanitary districts in any part of the state, for the construction of sewers, septic tanks and other sanitary purposes; the acquisition of property thereby; the calling and conducting of elections in such districts; the assessment, levy, collection, custody and disbursement of taxes therein; the issuance and disposal of the bonds thereof and the determination of their validity and making provision for the payment of such bonds and the disposal of their proceeds; to empower sanitary boards to make and enforce sanitary regulations and providing penalties for violations thereof.

(Approved May 17, 1923)  
NOW THEREFORE, we the undersigned, residents and freeholders within such territory, do hereby petition the board of supervisors of Monterey County, California, to reorganize the district as aforesaid.

BARBECUE AND BOUTS  
FOR FIESTA BENEFIT

Boxing bouts at the Indian Village, in the 17-Mile Drive, on Sunday, July 8th, at 1:00 p. m. will benefit the Serra Fiesta Fund, and tickets at a dollar each are now on sale at Staniford's Drug Store. The events will be under management of Jack Dalton, well-known boxing promoter, with Don Staniford as referee and Tal Josselyn and Ralph Zuck as judges.

Bob Dalton, champion amateur featherweight of northern California, known as the Carmel Express, will meet Ah Wing Lee, who has fought 33 straight fights successfully, and the bout is a natural.

Admission covers a barbecue dinner and other athletic events now in preparation, and with the tickets limited to 1,000 it will be necessary for peninsula guests to make reservations in good season.

CARMEL RED CROSS  
CAN USE FURNITURE

The Carmel chapter of the American Red Cross is caring for a family here in a partly furnished house, and is in immediate need of enough things to complete its equipment. Two double bed mattresses, sofa cushions, a coal oil heater, small wooden chairs and a kitchen table are urgently needed. Persons having such will be doing a most generous act by calling the Red Cross at Carmel 382 and telling Miss Audrey Walton what they have available.

Recent broadcast for other articles had most gratifying results, and it is hoped that by this time next week the little home will be fully equipped through the present appeal.

CHILDREN'S THEATRE  
PLANNED IN GROVE

Under the direction of Lucy Neely McLean, who is known as a teacher of public speaking, dramatic art, and expression at night school with both Monterey and Pacific Grove high schools, a little theatre for children will be conducted in the Solarium of Holman's Department store during the summer months. Miss McLean has also had experience in developing little theater work in various parts of the United States.

In order to stimulate interest in the little theatre movement for children on the peninsula, W. R. Holman has offered the use of the Solarium for the project. Miss McLean announced that a very small

FOR PLEASANTON

---

Boxing bouts at the Indian Village, in the 17-Mile Drive, on Sunday, July 8th, at 1:00 p. m. will benefit the Serra Fiesta Fund, and tickets at a dollar each are now on sale at Staniford's Drug Store. The events will be under management of Jack Dalton, well-known boxer, and with Don Staniford, manager of the drug store.

The aim of the course will be to train children in speech, to correct speech defects in articulation and enunciation, and to develop expression through pantomime, poems, stories and one act plays. The course will be open to all children from kindergarten age through high school.

## **CARMEL RED CROSS CAN USE FURNITURE**

The Carmel chapter of the American Red Cross is caring for a family here in a partly furnished house, and is in immediate need of enough things to complete its equipment. Two double bed mattresses, sofa cushions, a coal oil heater, small wooden chairs and a kitchen table are urgently needed, persons having such will be doing a most generous act by calling the Red Cross at Carmel 382 and telling Miss Audrey Walton what they have available.

## **CHILDREN'S THEATRE PLANNED IN GROVE**

Under the direction of Lucy Neely McLean, who is known as a teacher of public speaking, dramatic art, and expression at night school with both Monterey and Pacific Grove high schools, a little theatre for children will be conducted in the Solarium of Holman's Department store during the summer months. Miss McLean has also had experience in developing little theater work in various parts of the United States.

"Without wishing to cause unnecessary alarm, states Dr. R. M. Fortier, Monterey County Health Officer, "it is believed best to give the public the facts and describe early symptoms. Fever, headache, often vomiting, drowsiness alternating with irritability when disturbed and slight congestion of the throat. "Later a stiffness of the back is noted with tenderness of the skin and muscles on pressure. The paralysis or weakness of certain muscle groups may follow in two to

In order to stimulate interest in the little theatre movement for children on the peninsula, W. R. Holman has offered the use of the Solarium for the project. Miss McLean announced that a very small group may follow in two to seven days. One very hopeful fact to remember is that apparently only about ten or fifteen percent of cases go on to the paralysis stage.
